COUNTRY INNS: DINING AND ACCOMMODATION 1995

Hand-hewn oak tables, arrowback chairs, stained glass and beamed ceilings. The pleasures of mellow wines and hearty, traditional country dining. The glow of soft lighting on old wood. Such soothing pleasures are preserved in renovated inns and restaurants across Ontario. Architects and artisans have labored to restore old mills, 19th-century churches, railway stations, Victorian homes and Georgian mansions. Now they offer a spectrum of dining delights – some also offer overnight accommodation.

We welcome your assistance in obtaining additional dining establishments. If you are aware of a restored building over 75 years of age, with country charm and serving great dinners, please send us some details.

For your convenience, establishments are listed according to Ontario's 12 regional travel association areas. The map on page 1 shows the boundaries and names of these areas.

Please note: although every effort has been made to ensure the information in this guide is up-to-date, all of the dining and accommodation rates are subject to change, as are hours of operation.
